[Tee Rating Evaluation](#)

Our next open day competition on September 10 will see the evaluation of scores for a large field participating from a course setting. The tee markers may not be in the normal places for the vets competition. It will be a one off occurrence so that the KGC match committee can evaluate the course rating for the tee markers used on the day.

Our next additional Tuesday event will be held on October 29. It will be a Medley 2 Person Ambrose competition. Note the change, which permits mixed teams participating.
