Status of Sand On The Fringe

You may only remove sand and loose soil on the putting green and NOT in the general area of the course. This means that if your ball is off the green, and you want to putt it and there is sand in line both on the green and on the fringe, you can only brush the sand or loose soil away on the green.

Penalty of 2 shots (general penalty) in stroke play and loss of hole in match play.

If however, the sand arrived after your ball came to rest from another player's bunker shot, you can remove the sand.

Rory McIlroy was penalised for breaching this rule in 2012.

A Bobby Jones Quote

"Golf is the closest game to the game we call life. You get bad breaks from good shots; you get good breaks from bad shots - but you have to play the ball as it lies."
